Robin is pleased to announce the release of his two new poetry CDs.

'Mud on the Road', (The Title of his first book of Poems, now out of print), is a collection of memories and stories relating to a happy childhood and the period from Art School to life as a teacher. It contains favourites like 'I only know their names', 'She wasn't really old', 'I want to be a Vampire' and 'The Boy with the Blue Guitar'. **'Ghosts, Myths and Legends'** is a collection of poems from the spookier side of his imagination and this collection has some added sound effects created by sound engineer, John Bennett. John has given urban myths like 'A Late Gift' and 'The Pillion' tremendous atmosphere. The CD also contains favourites like 'The Story of Nancy Camel' and 'The Boy by the Flower Stall'.

The CDs are priced at £8.50 each but can be purchased as a set for £16.00.

Cheques should be made payable to **Robin Gray Art Works** and sent with the completed form to **Albany House, Cliff Street Cheddar, Somerset.BS27 3PT**
